(3) That the 'approval' of schools can take retrospective effect.

3. Heads of institutions who are desirous of having their institutions 'approved' should apply to the District Educational Officer, Madras, who is the local Secretary to the Oxford Examinations in Madras, through the District Educational Officer concerned, or the Inspector of European Schools if the school is now recognised under the Code of Regulations for European Schools.

#### SPENCER/TORONTO

1. Materials are to be conveyed promptly in accordance with the various plans from time to time submitted which will be given to the piermaster through the Port Superintendant, Newcastle. The work will continue throughout the fiscal year 1925-26 during such period as the scale is complete.

Payment will be made by monthly bills on accepted orders.

The work of conveying materials is not to be undertaken without the express sanction in writing of the Executive Engineer, Kaiser Control Division.

2. The piermaster will be required to supply at his own expense the small stores such as saw and mowing ropes, pulling bamboos and pumice shales, kerosene oil, etc., required for the efficient working of the piers throughout the year.

3. If any of the piers are required by this or any other demand for working departmentally they will be taken without compensation to the piermaster. For piermaster's monthly salary, including his own and mowing ropes and pumice shales are to be included over with the piers and the piermaster will be paid for them at the rate quoted in the schedule below, less such deduction as the Executive Engineer may consider reasonable for depreciation for the period they have been in use. If any piers are also temporarily required for periods less than one month for working departmentally for dredging or other purposes no payment will be made for the small stores which will be retained with the piers to the piermaster.

4. On the satisfactory completion of the works detailed in the agreement the small stores will be the exclusive property of the piermaster and at the end of the respective season. But in the event of the agreement being previously terminated by the Executive Engineer owing to failure on the part of the piermaster to fulfil any of the conditions or specifications of the agreement, the small stores are to be handed over to the Public Works Department together with the piers and the piermaster will be paid for them at such rates as the Executive Engineer shall consider reasonable and his decision shall be final.

5. The piers are to be kept clean and in good working order. Except for fire wear and tear, any damage due to carelessness or inefficient working of the piers on the part of the piermaster or his employees will be made good by the Executive Engineer at the cost of the piermaster and may entail cancellation of the agreement at the option of the Executive Engineer.

6. The piermaster may maintain any crew he may select for the efficient working of the piers but he is entirely responsible to work the piers according to the time limit and schedule in paragraph 8. If there is any delay caused in this respect by the piermaster or his men, demurrage will be recovered from the piermaster at the rate of one anna per ton per day on the registered tonnage of piers and on the same or corresponding rates specified in paragraphs 8 and 11 hereunder will be paid. The power to waive the demurrage or other tonnage compensation is reserved entirely with the Executive Engineer in such case.

7. There must be no undue delay in loading, unloading or unloading of the piers. For any delay in excess of the allowances in the following time and distance schedule, demurrage may be recovered from the piermaster at the option of the Executive Engineer at a rate not exceeding one anna per ton per day on the registered tonnage of piers. But if

It is found that the delay is because the place where it is using the Government grants for private purposes without previous sanction, a penalty or damages shall be recovered from him at a rate not exceeding four acres per ton per day on the registered tonnage of the boat at the option of the Executive Engineer, Kistna Control Division.

4. For loading or unloading one vehicle day of 24 hours will be allowed. The distance to be travelled in each working day of 12 hours (8 a.m. to 4 p.m.) shall be as follows:—

- (a) Downstream, loaded or empty—20 miles.
- (b) Upstream, empty—45 miles.
- (c) Upstream, loaded—15 miles.

5. For the transportation of materials for distances of less than 10 miles and for the transportation of materials which cannot be satisfactorily transported for any distance, the provisions will be paid at the following rates based on the registered tonnage of the party, together with the usual loading and unloading charges according to the approved schedule rates. Where there is no such specified rate, the loading and unloading will be done departmentally:—

Paid up to 15 tons per ton on registered tonnage per day—Rs. 1-5.

Part from 16 to 30 tons per ton on registered tonnage per day—Rs. 1-2.

Part from 31 to 45 tons per ton on registered tonnage per day—Rs. 1.

Part over 45 tons per ton on registered tonnage per day—Rs. 10.

10. Whenever the party and proprietor's crew are employed for departmental purposes such as dredging, etc., payment will be made on a scale and at the rate of schedule rates for such labor.

11. Changes at the tonnage rates above specified in paragraph 9 will be paid and damages will not be charged for any delays and detentions to parties caused by departmental subordinates and noted by them in the party books.

### BILL No. 3 OF 1925

*A Bill to amend the Madras Local Boards Act  
(Act XIV of 1920)*

Boards Act, 1920; it is hereby enacted as follows :—

Act (Amendment) Act, 1925."

IV-1

2. Insert the following new clause after section 157 :—

"157-A. No person shall obstruct any person walking along or using in a lawful manner any public road or street or pathway."

3. After the words "the aforesaid purposes" in section 124 (1) insert the following words :—

"and such springs, tanks, wells, water-courses, etc., shall be open for the use and enjoyment of all people irrespective of caste or creed for the purpose mentioned above."

4. After the words "public markets" in section 167 insert the following words :—

"and such markets shall be open to all people irrespective of caste or creed."

#### STATEMENT OF OBJECTS AND REASONS

On 22nd August 1924, a resolution was passed by the Legislative Council to the effect that there is no objection to any person or persons belonging to any class or community walking through any public road, street or pathway in any town or village; and that there is no objection to any person belonging to the depressed classes being allowed to the premises of any public office, well, tank or place of public resort and to the places and buildings where public business is transacted in the same manner and to the same extent as persons belonging to the community of caste Hindus in the country. The resolution has been embodied in G.O. No. 2960, L. & H., dated 25th September 1924. Though the Government Order has been communicated to all the Presidents of the local boards, it does not appear that any good has come out of it. Now by the amendment proposed, it is sought to give effect to the Government Order by placing it on a statutory basis.

#### BILL No. 9 OF 1925

*A Bill to amend the Madras City Municipal Act, 1919.*

WHEREAS it is expedient to amend the Madras City Municipal Act, 1919,

1. This Act may be called the "Madras City Municipal Act, (Amendment) Act, 1925."

2. Omit sub-section (c) of section 43,

## STATEMENT OF OBJECTS AND REASONS.

This is only to bring all those tax-payers who pay the minimum qualifying tax on to the electoral roll. As the rules now framed under section 48 allow only those that pay all the taxes to be included in the electoral roll so that an individual may pay a property tax of Rs. 2,000 and if he does not pay a professional tax of Rs. 10 he is not to be a voter. On the other hand an individual who rents a house for Rs. 10 a month is included in the voters' list. This amendment is to remove this injustice.
